Sir:

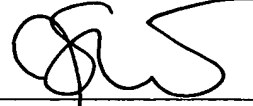

REQUEST FOR CORRECTION OF PAIR/PALM

Upon review of the USPTO PAIR database, it has been found that the listed foreign priority information is incorrect. Specifically, the correct Japanese Application No. is 2003-115296 having a date of April 21, 2003. Moreover, upon review of the USPTO image file wrapper (IFW), it is noted that the declaration therein correctly identifies the priority information. Further, the publication of this application as U.S. Pub. No. 2004/0208102 A1 also correctly identifies the priority information.

Thus, Applicant respectfully requests that the information in the USPTO PAIR/PALM database be corrected to reflect foreign priority of: Japan 2003-115296.

Respectfully submitted,

MORGAN, LEWIS & BOCKIUS LLP
